Cultivating a learning community that engages the hearts and minds of students, one child at a time

September 1, 2015:

Subject: **September 2015 Lawn Care Treatment Schedule and Activity**

This letter is to notify community members, District 29 Staff and students of the lawn care treatment that will be applied during the month of September 2015. This process will be repeated every month during the growing season as a means to keep everyone informed about the application of fertilizer, herbicides, and other chemicals that are used for the upkeep of the school's ornamental garden beds, lawns, and athletic fields.

For further information on this process, go to the HOME page on our website. Click on the link at the bottom of the “Shortcuts” column titled: ***“Integrated Pest and Lawn Care Management Program”***

Applications during the month of September 2015:

On Tuesday, September 15th, there will be spot spraying for weed control in flower and shrub beds at Sunset Ridge and Middlefork schools, and fertilizer application on the fields at Sunset Ridge. The rain date is Wednesday, September 16th.

Please make it a point to visit the above link and familiarize yourself with the notification process. Please check monthly the “Shortcuts” link for future application dates. Feel free to contact me if you have questions.

Parents, guardians, and community members may request in writing each year that School District 29 notify them prior to any applications of lawn treatment if the above method of notification (***detailed in the Integrated Pest and Lawn Care Management Program***) is not suitable or available. Under such circumstances, school districts must maintain a registry of parents, guardians of students, or community members who have registered to receive written or telephonic notification and notify those persons on that list before applying pesticide or having pesticide applied to school grounds. If you are interested in being added to the registry and notified each time an application is applied, please email me at the email below and be sure to include your name, address, telephone number, and email.

Sincerely,

Corey Dreher, CPS
Director of Buildings and Grounds
Sunset Ridge School District 29
